BIG CELEBRATION AT DAM SET FOR DECEMBER 4, 1939

Lower Tennessee Valley As-
sociation Sponsors Huge
Get-Together

SENATORS, GOVERNORS, OFFICIALS TO SPEAK

MURRAY, Ky., Nov. 23.—TVA's biggest dam—the \$112,000,000 Kentucky dam now under construction on the Tennessee river at Gilbertsville, Ky.—will be the scene of a "get-together celebration" Monday, December 4, officials of the Lower Tennessee Valley Association announced today.

Among those who may participate in the program are: United States Senators Barkley and Chandler of Kentucky, McKellar and Stewart of Tennessee, Norris of Nebraska and Bankhead of Alabama; TVA directors; Governor Johnson of Kentucky and Cooper of Tennessee; United States Representatives of Tennessee, Kentucky, Illinois, Mississippi and Alabama, and TVA officials.

The Lower Tennessee Valley Association, comprising 40 counties of West Tennessee, West Kentucky and Southern Illinois, was formed six years ago to assist in development of the lower valley. Luther Draffen, Calvert City, Ky., president, said today H. A. Morgan, Knoxville, chairman of the TVA, would take part in the celebration and that George Jessup, project manager of the Kentucky dam, has promised the cooperation of the project personnel in arranging the event.

Inspection Tour Planned
Preliminary plans include an inspection tour of the dam site beginning at 10 a. m., addresses, introduction of guests and visitors, and band music.

Senator Norris, "father of the TVA," in replying to an invitation to participate, said he was looking forward to the time when he could visit the Kentucky dam as it was only one in the system he had not visited.

TVA "Yardstick" Rates Are Praised

KNOXVILLE, Tenn., Nov. 23.—The Tennessee Valley Authority described the City of Knoxville today as the first large-scale operation demonstrating successful distribution of TVA electricity at "yardstick" rates.

Taking figures from the books of the Knoxville Electric Light and Board as of August 31, 1939, the authority reported the city's electric system in its first year of operation showed a total operating revenue of \$1,929,492 and net income of \$258,431.

The net income represented revenue after payment of taxes, interest due on long-term debt, operating expenses, depreciation and miscellaneous income deductions.

"Even the lowest rates of operation," said the authority, "which usually is looked upon as a period of development, shows convincingly that the low rates will more than pay their way."

Others are Robert Hendon, Bill Ed Hendon, Richard Nesbitt, James Nesbitt, Preston Kuykendall, Doyle Humphreys, and Lowell Key, all of Hazel; Thomas Lee Armstrong, Lynn Grove; Sharwood Potts and Charles Marine, Kirksey; and O. K. Stubblefield and Joe Hal Stewart, Murray.

State Approves Marketing Quotas For Burley Weed

LEXINGTON, Ky., Nov. 23.—Reports for half of Kentucky's 120 counties rolled up nearly a 9-to-1 count in favor of the administration's proposal to establish marketing quotas on the 1940 burley tobacco crop, according to figures received at the state AAA office.

Complete returns from 60 counties gave a vote of 29,728 votes, or a majority of 89 per cent for the proposal and 3,673 against. Only one county—Martin—did not participate in the referendum since it grows no burley.

Seven burley growers of Calloway county voted in the referendum, and all seven voted for the quotas.

FINED FOR HUNTING

Four Calloway county men were arrested and fined last week by state game wardens for hunting out of season and for hunting without license.

Erosion Control Through State Aid is Farm Hope

Thirty-six states have taken steps to combat America's leading agricultural problem—soil erosion—by community action. These states have passed legislation that permits local groups of farmers, if they have a common erosion problem, to organize soil conservation districts, or erosion control cooperatives.

Through these districts, or cooperative associations, farmers can combine their efforts to do a job that can't be carried out successfully by individuals, working alone.

Kentucky farmers who have erosion problems—and agricultural authorities declare 95 per cent of the total land area of this state is affected in some degree by soil wash—should become acquainted with this new method of attack that is proving so successful in three-fourths of the states.

Partners of this state certainly have the right to try soil conservation districts; if they want them. But it is necessary that the state legislature pass an enabling act authorizing the creation of districts. Such legislation is now proposed for Kentucky and merits general support.

Soil conservation districts are thoroughly democratic. None can be formed unless voted upon by farmers. Locally elected supervisors manage the district. They can't issue bonds, or levy assessments. But what they can do is to ask for, and receive, the assistance of state and federal agencies.

They are eligible for CCC camp labor whenever it is available. They may receive donations and grants from state and federal agencies. Equipment and materials that will aid in erosion control are available to districts. Technically trained men are lent to districts. This assistance is now available only to those few areas fortunate enough to have an erosion control CCC camp, or a demonstration project.

Two hundred soil conservation districts have been organized in 36 states. New ones are being organized almost daily. Kentucky needs erosion control work as much as any state in the union. It is apparent that the best way to get the job done is through soil conservation districts.

DAVIS DEATH IS TERMED ACCIDENT

Coroner's Jury Declares Gun Must
Have Discharged From Jar
When Man Climbed Fence

A coroner's jury Thursday afternoon delivered a verdict of "accident" in the shotgun death of Shelby Davis, 42, agent of the Standard Oil Company here, who was found dead with a double-barreled 20-gauge shotgun lying beside him just before noon last Thursday.

He was found by his widow about 20 minutes, physicians estimated, after the charge from the gun had struck him in the chest and abdomen, in a weed bed back of the Standard Oil plant at which he worked. It was thought he had climbed a fence and set off the explosion by jarring the but of the gun against the ground.

Only one barrel of the gun had been loaded. Davis carried no shells in his pockets, it was said.

It was the fourth unnatural death during the week for which a coroner's inquest has been held. Others were Elizabeth Crouse and J. H. Bell, suicides, and Finis Clark, who the coroner's jury found had been struck off a bridge.

Funeral services were conducted Saturday afternoon at the First Methodist church with the Rev. J. Mack Jenkins, and A. V. Haynes performing the rites. Burial followed in the Murray cemetery.

Davis is survived by his widow, a son and daughter, and a stepdaughter.

Active pallbearers were L. L. Dunn, Hall Hicks, Johnny Parker, J. Mack Jenkins, Fred Barber, Joe Baker, T. O. Baucum, and Oda McDaniel. Honorary were George Hart, John W. Clifton, Edd Filbeck, H. B. Bailey, and certain representatives of the Standard Oil Company.

Out-of-town visitors who attended the funeral services were Homer A. Davis, Chattanooga, Tenn.; George Davis, Mr. and Mrs. Orville Shaver, Mr. and Mrs. St. Louis; Mr. and Mrs. J. C. Eph Miller, 94, Dies in Louisville

Aged Farmer of County Was Visiting
Daughter Up State
When Death Came

Eph Miller, 94, known by many as "Independence" because he was born on the Fourth of July, died in Louisville at 12 o'clock Tuesday morning after a long illness.

He was visiting with his daughter, Miss Connie Mae Miller, an instructor in Louisville's city school system.

For years one of the most prominent farmers of the Green Plain vicinity of Calloway county, Eph Miller was a man of many accomplishments.

In 1938, he grew a crop of tobacco and worked it himself. Married twice, his first wife was Miss Alice Rogers, his second, Ella Rogers. He was one of the old timers in Calloway county.

The body was returned to Murray Wednesday, and the Rev. H. L. Lax will conduct the funeral services this afternoon at Martin's Chapel. Burial will follow in the Martin's Chapel cemetery.

Survivors are his widow; and two daughters, the instructress in Louisville, and Mrs. W. J. Hutchins, Murray. There are also two grandchildren, Mrs. Ruth Hopkins, Almo, and Hubert Hutchins, Toledo.

Thirteen farm homes were visited in a home improvement tour in Rockcastle county.

Gallimore, Paducah, and W. G. Colman, Mayfield.

MURRAY TO LEAVE SATURDAY MORN FOR WESTERN TILT

Receives Have Little Chance
For Victory is View of
Coaches and Fans

HILLTOP BACKFIELD
IS REPORTED GOOD

Coach Roy Stewart, working his Murray State College Thoroughbreds for the game with Western in Bowling Green, Kentucky, today he believed the chief difference between the two ball clubs lies in the Hilltoppers' superiority in the backfield. The underdog by dope, Murray is developing an almost "defeatist" attitude, and looks for another licking from the Toppers.

The Murray mentor sees the starting backfield of Latkovic, Duhon, Oliver, and Murphy of Western far more potent than any he might start and is aware of the fact Western has a marvelous supply of reserve backs who may be inserted at any time.

Salato, Senitba, Crouch, and Magda, he said, "are just what we need to make our backfield a formidable unit. All are hard runners and are versatile."

Although Murray has not complained of injuries lately, his backs are still in shape for a first-class game. Tommy Wray, first baseman, "Murray to Leave," Page 6.

At a meeting of the Council on Higher Education held October 26 in Frankfort, it was decided the summer session of each of the four state teachers colleges for 1940 would be one session of eight weeks' duration.

In order that students may make definite plans for the summer session the fees and calendar are set forth below.

Already in Hands of Local
Members Officials

In full swing under one of the most active organizations in its history, the Calloway county chapter of the American Red Cross is well on its way toward its Roll Call goal of \$750. Roll Call Chairman A. B. Austin said this morning.

With a total of \$271 from only three departments of the county-wide drive, \$229.50 of that amount in memberships, remainder in gifts, the outlook today looked more than promising in the opinion of Austin.

H. T. Waldrop Gets Agency
For Standard Oil in Murray

RECEIVES OIL AGENCY

H. T. Waldrop, well known local business man, farmer, seed man, and former Murray Postmaster, has been appointed local agent for Standard Oil Products in Murray and Calloway County succeeding the late Shelby Davis, according to announcement made here today.

Waldrop has had a varied business career. After the World War he returned home and went into the automobile business in Bardwell. In 1925 he returned to Murray and became manager of the Murray Consumers Coal and Ice Company, and served in that capacity until 1933.

In 1933 President Roosevelt appointed Mr. Waldrop postmaster of Murray, and he served in that capacity until August of this year, when he was succeeded by Harry I. Sled.

Mr. Waldrop has been intensely interested in farming over a period of years and was one of the first men in the county to grow lespedeza. He became a shipper of lespedeza seed and has been quite successful in that business.

Mr. Waldrop stated that he wanted to thank the public for the support they have given Standard Oil Products in the past in this community and trusts that he will merit their continued support in the future.

The same personnel will be maintained by Mr. Waldrop in the operation of the local agency that served under Mr. Davis.

Have you any old and broken toys in your home that are not wanted? If you have the Murray Troop of Boy Scouts of America would like to have them to repair and re-paint them and the troop will see to it that they are distributed on Christmas Eve to the underprivileged children of Calloway county.

"Mr. and Mrs. Carmie Hendon and son, Gene, Mr. and Mrs. L. W. Lennox and son and Everett Jones are city residents. They are the most recent donors of toys," Scoutmaster Ralph Wear said this morning. "We need every toy we can find in the county and time is growing short. Please call telephone number 406 or leave them at either of the Murray newspaper offices. The toys will be greatly appreciated by unfortunate children," Wear continued.

Thanksgiving Day on Campus

Culver-Stockton To Be First For Dec. 8

All the varsity basketball players will be retained at Murray during the Thanksgiving holidays in order to be ready for their initial test of the season, December 8, with Culver-Stockton's national championship contenders furnishing the opposition.

The Missouri team won its first game in the national meet, in Kansas City last year, but was upset in the second fray after being on top for most of the game. It was voted by sportswriters as one of the best dressed teams in the nation, and will no doubt dazzle Murray eyes with their chenille uniforms.

Culver-Stockton has two sets of uniforms with complete sweat suits for each outfit. One is cream with blue and red trimmings, while the other is red and blue with cream trimmings. Most of the boys on last year's squad are back, and will give Murray a thorough test for the first fray.

Coach Cutchin indicated that with the enormous supply of good players, Murray will probably have a "B" team this season to supplement the varsity, and will play a schedule all its own. This aggregation will be composed of boys who fail to make the varsity squad, and will meet junior colleges, independent teams, and a few senior college teams. It is very probable that some of last year's lettermen may be on the "B" team.

Those expected out are as follows: Captain Bill Carneal, "Home" Cavé; Walter Wilcox, Buchanan, Tenn.; Jimmy Mitchell, Hickman, Bob Brown, Cobb.

Juniors: Carl Steffins, Shawano, Wis.; Ned Washer, Kirksey; Novis Copeland, Kirksey; Leslie McKel, Faxon; and W. W. Jones, Dexter.

MASTON COOK AND MRS. M'CUISTON FACE BIG CHARGE

L. B. Boggess Blamed With
Manslaughter in Tyler
and Wilson Deaths

SCOTT LOSES SUIT AGAINST S. TUCKER

Maston (Cub) Cook and Laurine McCuiston, the latter colored, were indicted on charges of first degree murder, and L. B. Boggess on a charge of voluntary manslaughter here this week by the Calloway county grand jury in annual November session before it adjourned Tuesday.

Cook, who lives on route 8, was charged with the murder of Carlos Evans, 27, in an "August primary election-night fight and Mrs. McCuiston was charged with the willful murder of her husband, Dewey McCuiston, by stabbing him to death" during a quarrel one night in September.

The indictment against Cook charged he struck Carlos Evans with a bludgeon or other instrument, the blow resulting in the youth's death.

Boggess, 19-years-old, a Murray high school student and fullback on this year's football team, was issued the manslaughter count with reference to the deaths of Jodie Lee Tyler, 22, Belle City, Boggess on a charge of voluntary manslaughter here this week by the Calloway county grand jury in annual November session before it adjourned Tuesday.

Tyler and Wilson were killed May 21 when a motor car they were riding came in contact with a truck driven by Boggess two miles north of Murray on the Benton road. The two occupants were killed instantly. Neither Boggess nor two companions who were with him at the time of the collision were injured, although the truck, out of control, floundered into a 20-foot creek bed before it was stopped.

Neither the trials of Cook, McCuiston, or Boggess is scheduled for this session of circuit court, it was indicated by Clerk Claude Miller today.

In Wednesday's circuit court proceedings, Sherman Tucker, defendant in a \$5,000 alienation of affection suit brought by Moore Scott, former husband of Tucker's wife, Grace Scott Tucker, was absolved from blame, winning the decision of the jury.

Other indictments returned by the grand jury before its adjournment were as follows: W. S. Curdin, forgery; Houston Mark, desertion; DeWitt Wilkins, injuring personal property; Victor Siris, child desertion; Raymond Clayton, wife desertion; Charles Williams, dwelling house breaking; John Wells, maltreating a dog; Monro Scott, child desertion; Freeman Shadwick, assault and battery; and Arvil Holmes, dwelling house breaking.

Pine Bluff News

Here we are once more with a "hello" to all. Hope every one is feeling fine after the fine rain. We are thankful down this way for the rains as it was indeed dry and now grass and wheat will grow.

Crops are all housed around here. Wood-cutting and hog-killing is in order. Orvis Fielder killed two nice hogs Wednesday.

There is no sickness to report this time. Miss Fay Roberts went to Hazelwood Hospital, Louisville, last week for an examination. Attending physicians say she is doing fine.

J. A. Steele and family visited Willis Fielders and family last Sunday. Bro. Lloyd Wilson filled his regular appointment at Pine Bluff Sunday. A large crowd was present regardless of the rainy day.

Mrs. Belle Herndon and Emmett and Alice, spent Monday as guests in the home of L. H. Spiceland. Mr. and Mrs. Lavern Buey, Ophelia Eldridge and Old Crip went to Paducah Monday.

Pete Laycox won't bite his tongue any more as his teeth are all gone. We hear Dr. Crawford extracted them.

Old Crip put out some fire to clean off the ditch and the results was five stacks of hay went up in smoke. Pa, tell Ma to come running.

Orvis Fielder is through stripping tobacco. That means \$\$\$\$ for Christmas. You can't keep a working man down.

Bob Moore says he will drag the road up and down the bottom this week. But why oh why can't we get to the top of the hill? No. 280, so we can go to town with more ease? It is so rough now that it would shake the horns off a brass monkey. "State Man," please do something!—Old Crip.

Around Paschall School

To begin my news, I want to correct a mistake which I made in my letter last week. It was Miss Grace Holley and Herbert Orr who were united in marriage instead of Miss Bernice Holley. I regret this error very much and beg the pardon of each of you.

Most everyone is through gathering corn and ready for tobacco stripping or hog slaughtering, just whichever the weather permits. Hollin Jones went to Holton Byars for a hair cut Saturday.

We are sorry to witness the illness of "Uncle Lee" Key. Mrs. Curdie Holley, Mrs. Boyd Jones, "Aunt" Jennie Jones, "Aunt" Missouri Wilson, Mr. and Mrs. Ben Byars, and Norton Foster are some of the many friends of "Uncle Lee" Key last week.

Robbie Jones and Ben and Holton Byars had some cattle dehorned last week. "Coty" Jones was missed in this community Monday as he failed to make his usual appearance.

Old Maid, of North Lynn Grove, I suppose your age is crawling up on you right shapely also! For you are a good deal older than I. Any way your neck is long and stringy and my neck is still short. Ha!

Thanks, Misses Conn and Bulah Lamb, for the remembrance of Golden Lock. I also send good wishes for each of you.

Mr. and Mrs. O. T. Paschall were in Murray Friday afternoon. Mrs. Paschall visited with Miss Ethel Paschall while in town in the home of Miss Catherine Patterson.

Eurie Kuykendall killed hogs last Monday. Mrs. Ethel Dunn and Miss Rubena Dunn work at Crossland Wednesday and Saturdays.

Mr. and Mrs. O. T. Paschall were Thursday night guests of Mr. and Mrs. Chesley Paschall, O. T.'s parents.

Mr. and Mrs. J. C. Paschall and Miss Annie Paschall were Saturday night and Sunday guests in the home of Mr. and Mrs. Ben Byars. Mrs. Elina Hayneline and Lourine Paschall were also dinner guests in the Byars' home and Mr. and Mrs. Hollin Byars were Sunday evening guests.

Clara Nance visited in the home of Mr. and Mrs. Norton Foster Friday night. Mr. and Mrs. Curdie Holley and son, Frank, were visitors of "Aunt" Jennie Jones and Robbie Friday night.

Mr. and Mrs. Boyd Jones and daughter, Catherine, attended Sunday school at Bell City Sunday morning and had as Sunday afternoon guests Mr. and Mrs. George Pittman and daughter, Georgia Ann. George is getting along fine. We are glad to report. He is able to drive his car now.

William B. Morris, the small son of Mr. and Mrs. Odie Morris, was a visitor of his grandparents, Mr. and Mrs. Ben Byars, last Tuesday. Cat Paschall reports he had fine luck the other day as his wife was burning leaves on the yard and in front of the house and accidentally burned the tongue out of his mowing machine.—Golden Lock.

The Vanceburg Rotary club is planning to raise \$1,000 for prizes at a 1940 Lewis county school and agricultural fair.

the parents of a daughter born Tuesday night, November 22. The little Miss has been named Nancy Jane.

Hazel Lions Are in Good Spot to Gain 1939 County Net Laurels

Coach Vernon James Has Eight Lettermen On Experienced Squad

Holding tenaciously on to its lead in Calloway county's basketball race is Hazel high school, the team that lost more than two-thirds of its games last year.

Playing the strongest opposition the county affords, the Lions of Hazel won their fourth consecutive victory against no defeats over this week-end by squeaking by the always-strong Lynn Grove Wildcats 22-21. Up until that time, Lynn Grove was undefeated in three games.

Coach Vernon James had eight lettermen remaining from last year's inexperienced squad—the only difference this year is that they have the experience—and he has eight other squad members who he says are showing plenty of ability. That should make the rest of the county teams sit up and take notice.

Lettermen are Bogard Dunn, Robert Hendon, Joe B. Littleton, Frank Grochman, Johnny Owen, Thomas Scruggs, Hugh Alton, and Ed Miller, Jr. Others are Joe Parker, William H. Oliver, H. B. Chrisman, Earl Cooper, Oscar Denham, James Hugh Grogan, Harold Grogan, and Wyvan Holland.

Hazel has 15 more games to play on the ditch and the results was five stacks of hay went up in smoke. Pa, tell Ma to come running.

Orvis Fielder is through stripping tobacco. That means \$\$\$\$ for Christmas. You can't keep a working man down.

Regional Library To Be Organized at Murray College

The first Regional Library in Kentucky is now in the making. It will operate out of Murray State College and will give service to the counties of the surrounding area.

Branch libraries are to be established where civic organizations are cooperative in the project with the college library in the furnishing of books. Prof. E. L. Brown, librarian at Murray and in whose charge the project is carried out, stated Mr. Brown will be assisted in the work by Miss Etta Beale Grant, assistant librarian at Murray.

Through a contract with the Tennessee Valley Authority the college will be able to purchase books of general interest to the TVA employees and the people in the Gilbertville Dam area where the only branch library at the present is established. The college is now in a position to make similar contracts with other civic organizations throughout this section.

The project has been named the Murray State College Regional Library Service and is sponsored by the Kentucky Library Extension Division, Murray College, the TVA, and will work in cooperation with the Works Projects Administration in carrying out its state wide library program. Any community or town in this section is now given the opportunity to make contracts with the college in furnishing books for their respective libraries.

sting blocking back, will play no more this season, having been injured late in the Morehead game. Levandoski and Koss, both still hampered by injuries, will divide time at the blocking back post, handling quarterback assignments.

Cobbie Lee, Murray's best bet as a grounds-gainer, has not played in the last three games, and it may be, he will be used only for a short time Saturday. Lee was injured early in the year, and has not completely recovered.

George Speth, who has taken turns filling gaps for the injured at tackle, left half, and full, will probably play at full Saturday, getting some assistance from Harold Gish.

Beale, a likelyhood will start at left half, and will receive aid from Inman, Nanney, and Ferrara, the latter of whom is still working despite an injury sustained in the Howard game. Joe Spalding and Francis LaBonte will divide time at right half, with Sammy Goodman, due to his sparkling performance in the Truay game, due to play his share.

The Murray-Western series to date stand as follows: Western won in 1931 and 1932 6-0; lost in 1933 20-6 and in 1935 27-14; won 20-6 in 1935, 14-0 in 1936; played to a 7-7 tie in 1937, and trimmed the Racers last year 21-0.

Comedy Drama at Faxon High School Is Notable Success

"Lighthouse Nan," a 3-act comedy dramatized before a packed house at Faxon high school Saturday night, gained much applause from those who saw it.

Depicted by members of the faculty, patrons and students, the play was brilliantly executed and worthy performance.

Principal Holman, Jones and Mrs. Carrie Brandon possibly gave the best character representations, but Reuben Donaldson and Lucile Dodds were also proficient in their parts.

Out-of-community performers on the program were Howard Farley, Murray, who played several piano selections, and his sister, Mrs. Edward Freeman, with whom he sang a duet.

Resolutions

WHEREAS Shelby Davis was ever thoughtful of the needs of the Boy Scouts of Calloway county, eager to serve and to aid in whatever way he could, lending the assistance of his truck, automobile, or financial support for the benefit of the Scouts;

AND WHEREAS he has now gone to become a troop member of the Great Scoutmaster of all good Scouts.

BE IT HEREBY RESOLVED that we, the Boy Scouts of Calloway county, reverse the memory of Shelby Davis as a "good Scout," a loyal citizen, endowed with the principles for which all Scoutism aspires to as idealistic goals.

THIRD OF ROTARY SERIES TO TAKE PLACE TONIGHT

Delivering the third lecture on the Rotary Club's Institute of International Understanding program will be Eric Hingworth Grimwade, a native Englishman, who will discuss "Britain's State in World Crises". Other speakers on the program were Dr. E. Guy Cutshall, who spoke November 9 on "Organizing the World for Peace" and Dr. Guy W. Sarvis who last Thursday night discussed the situation in the Far East.

Mr. Grimwade will begin his lecture at the college auditorium at 8 o'clock tonight.

Mr. Grimwade was educated at Harrow, England, Munich University, Germany, and the University of Chicago, where he is at present completing his research work for the doctor's degree in modern history. Apprenticeship in a glass factory at Poppleton, Yorkshire, furnished him personal contacts with the strained relations in Czechs and Germans. As representative on the Continent of Grimwades, Ltd., potters of Stoke-on-Trent, his business associations introduced him to the cross-current of thought to the ideology and methodology of the National Socialist movement at the climax of its struggle for power.

As a journalist covering the Spanish Civil War during 1937, he came to realize the precarious political conditions of the European scene. He also attended the Nyon Conference, the Nuremberg Parquet and the Assembly of the League of Nations. His articles on these and other subjects have been published in the American newspaper for which he was correspondent.

During a term of lecturing for the Adult Education Council of Chicago, he spoke on various themes before nearly a hundred American audiences including the Evanston School of Foreign Affairs, the Minneapolis Foreign Policy Association, Western Reserve University and the Indiana State Teachers College. In his lecture, "The Search for a European Equilibrium," he seeks to

focus the essential trends of international relations in Europe, discussing them in the light of his own experiences and observations.

Russellville and Murray Tie 6-6 in Friday Grid Battle

Murray high and Russellville football teams battled on even terms to a 6-6 tie Friday afternoon on the Russellville field.

Homer Chapman tallied for Russellville with a 2-yard plunge after a drive from the Murray 35. Robertson scored for Murray when he returned a Russellville punt 50 yards for a touchdown. Both tries for extra point were low or blocked.

Four quarries have been furnishing limestone to Nelson county farmers for 80 cents to \$1.75 a ton.

Murray Man Gets High Census Post

Frank Albert Stubblefield Will
Manage Louisville Area
In 1940 Census

F. A. Stubblefield, Murray, will be manager of the Louisville area in the 1940 census. Director William L. Austin of the Census Bureau announced Saturday in Washington, as 150 key men, including those of Kentucky and Indiana, were appointed.

The 150 men and women will serve at salaries ranging from \$175 to \$250 a month depending on the responsibility involved. The assistant managers will be appointed later and will be trained by those appointed Saturday.

All but thirty-five have been trained for six weeks at Washington for the job of counting noses. The thirty-five are regular employees of the Census Bureau who have been assigned to the metropolitan areas and to open spots direct from Washington.

The graduated pupils will open 105 census area offices early in December and call in candidates for district supervisor and assistant supervisor for a course of study and examinations. Each area manager will have supervision over from five to eight census districts.

At the end of this year will open district offices. Enumerators, clerks and other personnel will be employed locally by the district supervisors.

Farm Plans for County Are Set Up in Meeting Here Friday

A County Program planning meeting held at the county agent's office Friday, November 17, was attended by 26 farm leaders and representatives of various interests, organizations and business activities which are directly or closely connected with the agricultural progress of Calloway county.

Those who attended the meeting and the special interest or organization which they represent were: J. H. Walston, Smith-Hughes teacher of the county; E. G. Neale, Farm Bureau; B. W. Edmonds, Farm Security Administration and Agricultural Conservation Association; H. G. Gingles, Agricultural Division of Chamber of Commerce, Fair and Dairy; John Neal, Rotary Club; Bryan Tolley, Lions Club, American Legion, and businessman; T. T. Elkins, Chamber of Commerce; O. S. Wall, Rural Electrification Administration; Ray Treon, Murray Milk Products Co.; R. E. Kelley, Murray Hatchery; Q. D. Wilson, Agricultural Conservation Program and cotton; W. E. Dick, Agricultural Conservation Program and Tobacco Association; W. H. Perry, upland farming; Murray-Ross, upland farming; W. B. Patterson, bottom land farming and cotton; Rudy Henderson, hog and beef cattle; E. L. Kuykendall, Farm Bureau and tobacco; C. J. Williams, tobacco; Z. O. B. Geurin, bottom land farming; Gaylon White, Utopia; Harold Douglas, Farm accounts; L. F. Wilson, tomatoes; Hayden Jackson, bottom land farming; Fred Alcock, Farm Security Administration, and W. D. Perdue, fruit raising.

The meeting was opened by County Agent John T. Cochran, with a report of the agricultural extension program and accomplishments of 1938.

Brief reports were made of various activities by a number of those present, namely: J. H. Walston, on vocational agricultural work in the high schools; Hugh Gingles, T. T. Elkins and Rudy Henderson on Calloway county fair; O. S. Wall on Rural Electrification Administration; B. W. Edmonds on the agricultural Conservation Association and the Tenant-Purchase program of the Farm Security Administration; E. L. Kuykendall on Farm Bureau; Ray Treon on dairying; M. C. Cronwell on terracing and lime and phosphate demonstration; C. O. Bondurant on relocation and readjustment work; R. B. Brown-

field on community studies and plans for community program expansion.

Bruce Poundstone, specialist in land use and county planning work, of the College of Agriculture, University of Kentucky, commented on the expansion of agricultural extension work in the county and discussed ways and means of determining number and location of community programs needed for complete coverage of the county and active organized agricultural improvement programs. He also gave an interesting discussion of the county planning work being done in some other counties in Kentucky and explained the steps which have been found to be effective in planning work with small committees in all sections of the county. Intensive county planning work will be done in Calloway county during the next year. Most of this work will be done by Brownfield under the direction of Cochran and with the help of local farm leaders in all parts of the county.

The program of work which the group approved for 1940 includes the following projects:

Seed all tobacco land to cover, proper pasture of cover crops, lime and phosphate, terracing, rye grass, contour furrows, contour cultivation, hybrid corn, barley, farm accounts, strawberries, marketing school, poultry feeding and management schools, dairy feeding and dairy picnic, tours to Jackson, Princeton and Mayfield; 4-H Club project groups; Swine (4-H and sanitation); Beef Cattle, grow our own seed, and fencing.

Grogan, who formerly was an ACP supervisor in Calloway county, is now a state supervisor working out of Mumfordsville. His wife, the former Mildred Grogan Wall, is the daughter of Nevins Wall of the county.

Thomas E. Swift Dies at Kirksey

Prominent Farmer and One-Time
Tobaccoist Had Led
Colorful Life

Thomas E. Swift, 76, died at his home near Kirksey on November 17, after an illness of kidney trouble.

He was born in Calloway county in 1863, when a boy, he moved to Marshall county with his parents.

With his father, Thomas F. Swift, he was engaged in buying and pricing tobacco for a firm in Paducah in 1885.

A few years later he was engaged in the mercantile business in Clarksville, Ark., and Gainesville, Tex.

Thirty-five years ago, he came back to Mayfield, and was employed by R. H. Gardner and J. L. Sherrill as a tobacco buyer for a number of years.

About 15 years ago he moved with his family back to his farm near Kirksey where he remained until his death.

He was active in church work, being a Steward in the Methodist Church at Mt. Carmel at the time of his death. He is survived by his widow, Edna Alexander-Swift, a son, Lurwin; a daughter-in-law, Lala; and a granddaughter, Linda Helen Swift; three brothers, Rev. W. A. Swift, Jackson, Tenn., Frank and Jepp Swift; two sisters, Mrs. Addie Lyles and Mrs. Fannie Rudder.

Active pallbearers were his nephews, Rev. Paul Lyles, Claude Landon, Franklin Swift, Frank Gatlin, Edward Landon, and Alton Rudder. Honorary pallbearers were T. E. Carson, J. T. Cochran, Miles Beach, Bill Marine, Clay Marine, E. B. Ross, Hallet Dunn, Wendell Lyles, Headley Swift, and Hardin Parker.

Fish From Drying Stream Are Brought to Calloway Waters

Fourteen 10-gallon cans of a rich diversity of fish, including brim, perch, catfish, crappie, and others were transferred this week from a drying stream to Clark's River by members of the Calloway county Sportsman's Club.

Speaking well for the advancement of wild life culture in the county is the activity of the Sportsman's Club, which has for its purpose the protection within reasonable limits of game under its domain.

Murray Thoroughbreds Defeat Outclassed Transy Pioneers 46-7

Running up a 34-0 score by halftime, Murray State College's Thoroughbreds licked Transylvania's Pioneers from Lexington here Saturday afternoon 46-7, their chief difficulty being in a method to keep the score down.

The Lexington team, unconditionally outclassed, played as gamely as run the horses in the Bluegrass section from which it came, climaxing its own play with the classy running of Ross Brown, who opened the second half with a brilliant bit of swiftness on a 75-yard touchdown jaunt.

A feature of the game from the Murray standpoint was a dropkick for an extra point by Gene McGarvey of Paducah, the ball scoring squarely through the uprights. The effort came when Murray led 33-0.

The Thoroughbreds scored first within two minutes of the starting whistle when Speth returned the opening kickoff 59 yards and a few plays later scored over left guard from the 3-yard line. Koss fumbled the ball while placing it for Gudauskas' kick for the extra point, and the latter's pass across the line was incomplete.

Beale counted Murray's second touchdown a few minutes later on a 11-yard run around end after brilliant running by Speth and Spalding had placed it there. Gudauskas kicked the point. Eleven new men went into the game for Murray.

On the first play of the second quarter, Pee Wee Nanney ran 14 yards around right end for a touchdown, and Ferrara kicked the point from placement to make the score 20-0. A third eleven went into the game for Murray, playing the remainder of the afternoon for Murray with a few changes.

Inman threw a 27-yard pass to Goodman, who stepped across the line for Murray's fourth counter. It was Goodman's first score in four years at Murray State. Inman passed across the line to Rushton for the extra counter.

Near the half, Gish for Murray recovered Myers' fumble on Transylvania's 14, but a 5-yard penalty on the Pioneers for too many time-outs gave Murray a first on Transy's 9. Gish went to the 6, from whence Inman took Thompson's lateral and goosestepped

across. It was then that McGarvey made good on his drop-kick. On the first play of the second half, Brown made his touchdown run for Transylvania. He kicked the point himself.

At the beginning of the fourth period, Inman passed to McGarvey on the Lexingtonians' 25-yard line. Beale's pass to Goodman was complete on Transy's 1-foot stripe. Gish stepped over for the score, but Brown failed to kick the extra point.

With two minutes to play, Brown of Transylvania punted to Beale deep in Murray territory, but Beale instead of running punted it back. Brown fumbled and Murray recovered on the Transy 22, from whence Gish on an end around raced the distance for Murray's last score. Brown again failed to convert.

The Thoroughbreds had a total of 15 firstdowns to 9.

Lynn Grove Men In "Beauty" Test

Hundred Masculine Charmers to
Parade in Program at High
School Tomorrow Night

The most unique thing in programs is promised at Lynn Grove Friday night when some 100 men of the community engage in a "beauty" contest on the stage of the school auditorium. The novelty entertainment is sponsored by the Lynn Grove Parent-Teachers Association, and in the opinion of its sponsors will furnish far more inspiration for fun than did the womanless wedding staged at Lynn Grove last year.

The array of "beautiful" men will consist of grandfathers in pajamas, sonyboys in rompers, salco Jim in mama's dress; and "beauties" in evening wear, night gowns, and caps.

Between the group presentations, interpolative performances will be given by Miss Jane Jones, Rosemary Jeffrey, and Jane Hale of Murray, and short numbers by students and faculty members.

Principal Burton Jeffrey announced today that the annual fiddler's contest sponsored by the school will take place Thursday night, November 30.

THE DOCTOR'S WIFE
WRITES

Dear Folks:
Little Johnny Peterson is getting well. The doctor returned the next morning after my last letter to you bringing with him our County Health Officer. I gave them both breakfast—hot cakes and maple syrup, with delicious brown coffee. They hardly knew I hovered near enough to hear their conversation as they discussed the present flare-up of diphtheria in our county. I didn't miss a word. And between listening and cooking one batch of hot cakes after another, I was mighty busy for awhile. I had a good reason for listening this morning. The women's organization had already been calling to ask the doctor what they could do to help control the epidemic. I knew that they could do plenty and was going to get as much information as I possibly could. As luck would have it, our County Health Officer said to the doctor: "Now, I'll tell you. If we could get the women in the Parent-Teachers' Association and the Woman's Club actively interested in this situation, we could get somewhere."

hear receivers going up all along the line and knew at once that almost all the members of the Woman's Club, and part of the Parent-Teachers' Association, were listening. When I had finished telling them what the Health Officer had said, Mrs. Sharon and Mrs. Blackford started appointing committees over the phone. I knew right then that before dark came again every mother, teacher and Club woman in our county would be told about Johnny Peterson and how diphtheria was spreading in our county. These interested women would tell every one they saw, every one they talked to by telephone that day that:

1. All babies from six to nine months of age should be immunized against diphtheria.
2. All children of pre-school age should be given immunization.
3. The immunization is preferably two doses of Alum Precipitated Toxoid, given in the arm one month apart, and followed in from two to three months by the Schick test to determine the effectiveness of the immunization.
4. Those who have diphtheria should be strictly quarantined until two successive cultures from the nose and throat, taken not less than twenty-four hours apart, prove negative. If cultures are not taken, the patient should be quarantined for a period of at least 16 days.
5. No child should be allowed to visit crowded places during the prevalence of diphtheria.
6. If all children between the ages of six months and six years were protected by Alum Precipitated Toxoid, three fourths of the diphtheria deaths that occur annually in the State would be eliminated.

I hung up my receiver, glad for one time that we had a party line. Thousands of times I had wished that I might have a dial phone like my sister Susan's in the city but not today. Today, my good old fashioned, eavesdropping, party line was responsible for the spreading of word that might save the lives of little children.

Yours for good health,
The Doctor's Wife

Murray Students Are Selected In National "Who's Who" Yearbook

Miss Helen Johnston and Charles Henry Stamps Are Highly Honored

Among graduating seniors at Murray State College, who have been nominated to "Who's Who in American Colleges and Universities" are Miss Helen Johnston and Charles Henry Stamps, both Murrayans.

The "Who's Who" publication is put out through the cooperation of more than 500 American universities and colleges. It is a remarkable means for national recognition for graduates, and is devoid of politics, fees, and dues. Several students from accredited colleges are selected each year by an unprejudiced committee for their biographies to appear in the publication. These books are placed in the hands of hundreds of companies and others who annually recruit outstanding students for employment.

Miss Johnston, the daughter of Mr. and Mrs. Joe C. Johnston, of 400 South Sixth street, and will receive her B.S. degree from Murray State in June. She was graduated from Murray High school in 1936. During her high school career she was active in dramatics and served as secretary of the Dramatics club and has been a member of the college band for three years.

Now a senior at Murray State, she is a member of the Vivace Music club and the Commerce Club. She is also secretary of the student council and has been a member of the college band for three years.

Stamps, the son of Mr. and Mrs. J. M. Stamps, will receive his A.B. degree from Murray State in August of 1940. He is a member and president of the Beta Pi Theta, national honorary French fraternity; vice-president of Alpha Psi Omega, national honorary dramatic fraternity; and vice-president of Kappa Delta Pi, national honorary fraternity in scholarship and education.

Stamps is also president of the Sock and Buskin dramatic club, which is noted for some of its production such as "The Women," "Winter's Tale," "You Can't Take It With You," "The Sign of the Cross," "The Vagabond King," and "Mary of Scotland." Stamps played the male lead in "Susan and God," and important parts in other plays.

He is senior editor of the Shield, college yearbook, is an honor student, and was graduated from Murray Training School in 1937. While in high school he filled many posts of student leadership.

MISS HELEN JOHNSTON

Lawrence, Mrs. Wayne Howard, Mrs. Elmer Richardson, Mrs. Gingles Barnes, Mrs. Dwight Boyd, Mrs. E. G. Wilson, Mrs. Ernest Underwood, Mrs. John Warren, Mrs. Albert Key and son, Bobby, Mrs. Oscar Barnes, Mrs. Johnnie Myers, Mrs. Robert Jones, Mrs. Sula Key, Mrs. Tellus Howard, Misses Wilma Hartfield, Margie Wilkerson, Josephine Boyd, Eva Wilkerson, Willie Mae Richardson and Volene Howard.

Grace Wilson and Iva Nell Wilkerson spent Thursday night with Mr. and Mrs. Hunter Wilkerson, daughter, Margie.

Mrs. John Hanes remains seriously ill.

A. C. Long has returned home after spending several weeks in Detroit.

Bro. and Mrs. C. W. Lawrence and children, Donald and Eulalia, were Sunday dinner guests of Mr. and Mrs. Lenon Hall.

George Windsor remains unimproved.

Because of the rainy weather Sunday only 103 were present for Sunday school. Bro. Lawrence preached on "The Deacons and Their Responsibility," and read in connection Acts 6:1-7 and I Timothy 3:1-13.

Bro. Lawrence urges that a large crowd be present for the Fourth Saturday business meeting, Saturday, quite a bit of business is to be transacted and the lamps are to be sold to the highest bidder.

The GA girls met at Miss Wilma Hartfield's Saturday afternoon to sew for a little needy sick girl, whose mother has been sick, and was in need of school clothes. The GA will meet Saturday afternoon at the church before the preaching service.

A large crowd attended Training Union Sunday night. L. D. Warren gave a very interesting discussion on "Christian Living."

Bro. Lawrence also preached a good sermon. Among the visitors present were Mr. and Mrs. Barber Edwards, and James Vaughn and Raymond McAllen.

A good crop of red clover seed was harvested in Woodford county, but drought reduced the lesser-seed crop.

Across the River

I'm still across the river even if it is on the Kentucky side, and with a sigh of relief I have resumed the leisurely old duties of pretending to keep house again. I think I can stay at least a few times over the side of a wash tub since my vacation, and I would like to rally my little flock of chickens and pigs around and have a barn yard reunion, but they're too scattered.

I felt like I owed my Bible an apology when I picked it up Sunday and found it so especially neglected since I've been poring over geology and typewriting etc. these last few months. The soul needs food too, and when one has no time for Bible, no time to go to the piano and play the old sacred songs, no time to hear about the neighbors' troubles, no time for anything but study, I doubt if he's broadening, more than he's diminishing.

I haven't even heard till recently that Thanksgiving Day had been changed. Well, it may as well be. The spirit of the day was changed long ago, so it's only a sacrifice to continue calling the day set aside long ago for thanksgiving God for all the blessings bestowed during the year "Thanksgiving" when its only a holiday now on which to hunt, ride or otherwise amuse ourselves.

One day in class recently there was a picture on the bulletin board of an old grandmother preparing an old time Thanksgiving Dinner of turkey, pies and all those old fashioned goodies in her old fashioned kitchen. Some of the modern little co-eds were standing gazing wistfully at the picture and saying, "Weren't those good old days?"

And I was solemnly reminded that this Thanksgiving and this Christmas I, too, would be one of those to whom a grandmother would only be a memory.

But no matter how things may change, no matter how lovely modern kitchens may become, or how youthful modern grandmothers may learn to remain, or even how sensibly brief and "vital" the modern Thanksgiving dinner may appear, no kitchen, and no dinner, and no grandmother will ever dim the beautiful memory I

have of a big old unpainted kitchen, an old fashioned range stove, a long homemade table groaning under its weight of good things to eat and presided over by a little, old, stooped, grandmother in plain percale dress and checked apron.

I don't know much news, but when I get caught up with my jobs that have accumulated, I guess this high perch over the garage facing the roads to Concord, Murray and Centerville will be my lookout tower, and even should the cold keep me in, I might catch a few items of interest by eavesdropping the "round stove" discussion in the garage underneath.

We enjoyed the negro minstrel at the Concord auditorium Saturday night. Eagle, isn't a bit pretentious of that speller in his family than we are of the brother's little daughter, Wilma Jo Lovins, who was the kinky-headed pica-minny singing "Mamma's Little Baby Likes Shortening Bread."

Guy Lovins invited us to Vancleave school to a Thanksgiving program next Friday night.

Gilmer McClure and Guy Lovins went to Detroit recently for a few days.

Rev. Tilmon Taylor filled his appointment at the Church of Christ in Concord Sunday, but the morning passed too quickly before I woke that rainy day, for me to get ready to go.

Well, I don't know much news

Headache, Bad Breath Tell of More to Come

Just as Paul Revere's famous ride warned of the Redcoats' coming, so Nature's messengers—headaches, biliousness, bad breath—often warn of faulty elimination.

Neglecting these signs may cause a host of constipation's discomforts: sour stomach, belching, no appetite or energy; mental dullness.

It's so easy to wake up your lazy insides. Just take spicy, all vegetable BLACK-DRAUGHT. Its unusual help comes from its principal ingredient—an intestinal tonic-laxative which imparts tone to lazy bowel muscles.

Millions of packages used testify to BLACK-DRAUGHT's merit. Try it.

only garage news and you would not be interested in hearing who brings in sailing cars, telephones, radios, leaking aluminum ware, etc., but we're intensely interested in such now, and Rainey Lovins run up the steps jubilantly one night recently saying "I did it! I did it!" and what had really happened was, he had after hours of vain trials, and after once catching his hair on fire with the acetene torch, succeeded in welding a broken wash kettle which older men had said could not be done—not in a mechanic line, perhaps, but in his side line, and don't let any one tell you that it's an easy line or a safe one.

Well, I do hope there's more joy in store for most than there has been of late. Of course we must live through the dreary winter if we'd treasure the spring, but its so hard sometimes to be patient and walk by faith and wait for the silver lining in the clouds to appear.—Chatterbox

Kirksey High School

International Relations Club
Several of the high school students, under the direction of Mr. Lancaster, organized an International Relations Club Wednesday, November 15.

The following officers were elected:
Meredith Story, president; Anna Lancaster, vice-president; Irene Morgan, secretary; Mildred Dunn, treasurer; Frances Fuqua, reporter.

The Future Homemakers are working on a project to improve the home economics ward. The department has purchased a new Singer sewing machine.

FFA Boys Buy Registered Jerseys
Edwin Greenfield and Rob Marine bought three jerseys last week from the Melvin and Ford herd of Graves county. This herd compares with the best in West Kentucky.

Chas. Marine bought one from Gore and Son of Hopkinsville. This makes seven head of registered Jerseys brought into Kirksey community by the FFA chapter as James and Robert Carlson had already purchased three jerseys which came from a herd in West Tennessee.

Basketball Notes
Our basketball teams showed marked improvement in playing Almo and Sharpe last week end. We lost to the former State champions 29-24 and were edged out by Almo in an overtime period 25-23. At the half Kirksey led Almo 13-10. In the second half, Captain Story and Billington fiddled out.

Friday night, the Eagles meet the Concord Redbirds on the Kirksey floor.

Thanksgiving Program
On Tuesday night, November 28, the grades will present a program. The program is made up of the following dramatic skits:

"Mother Goose's Plan" and "Voices from the Cellar," presented by the first and second grades. "The Wedding of Jack and Jill," and a Thanksgiving play will be given by the third and fourth grades. Frank Capra Film Said to be Finest Movie Production

Stewart, Arthur, and Arnold Play Roles in Forceful Drama

Portraying the United States Senate in session and actually filmed in the Congressional hall of the Nation's Capitol Building, the movie—"Mr. Smith Goes to Washington," starring James Stewart, Arthur and Jean Arthur—which comes to the Varsity Theatre on Thanksgiving Day and continues through November 31, is both educational and highly entertaining.

The latest Frank Capra production, the picture is sure to be a smash hit. It gives the picture of the U. S. Senate in action in a so fascinating a manner that it holds the audience spellbound. It voices the belief of all Americans in the principles and ideals of our Constitution and is particularly timely at this critical period in world affairs.

The entire production is a credit to Frank Capra's genius, and James Stewart is a natural as the honest young Senator, giving the finest performance of his career. Jean Arthur is marvelous and Claude Rains, Edward Arnold, and Thomas Mitchell are outstanding in the excellent supporting cast. Boy Scout and other youthful organizations will find the picture of special interest to them, as its principal character was a boy Ranger before being elected to the Senate.

Coach Clifton Thurman's Men Display Offensive Strength with 48-13 Victory

Coach Clifton Thurman's Murray Training School Colts won their opening basketball game of the 1939 season on the college gymnasium here, Friday night 48-13, showing marked offensive strength.

Armstrong, forward for the Colts, showed strong improvement over his last year's play and served warning he will be fighting for a permanent starting berth. He scored 8 points, fighting all the time, close on the heels of his fellow-forward Wade Garham, who counted 12 times.

By midway of the third period, Water Valley had been able to score only two points, but Coach Thurman at that stage substituted freely and the Graves countians slowly climbed.

The Training School led at the quarter 11-2, at the half, 22-11, at the close of the third period, the Colts engaged Bardwell at Murray Friday night, and on the following Tuesday take on Hickman at Hickman. Afterward, their next home game will be against Grove high school of Paris, Tenn., on December 8.

The lineups: P. S. W. Valley
Graham 12 P. Craft
Armstrong 8 F. Houze
Hood 4 G. Alexander 2
C. Graham 4 C. Melton
C. Robinson 4 G. Perdue

Substitutions: Training School—Thurmond, Wilcox 2, Alexander 4, Robinson 4, Gordon, Perdue, Water Valley—Foster, Bradley 3, Chickler, L. Cavendar 2.

Western Frosh Tip Murray 6-0

Topper Youths Are Too Wise For Yearlings, Who Are Inconsistent Near Goal Line

Western's freshmen, bitterly outfought, generalised themselves to a 6-0 football victory over Murray State College's Yearlings here Friday afternoon.

Twenty-five yards from a score in the second period, Ellison, crafty Western back, faded back as if to run and shot a sharp pass to Gadd who caught it across the goal line. The Thoroughbred youths blocked Ellison's kick.

It was Western's only threat, while the Murray frosh were constantly pressing the Hilltoppers. McCauley, Murray fullback, was like an unstoppable machine when yardage through the line was necessary, always good for from 3 to 8 yards, but he was never in the game when Murray was in scoring territory.

The Murray team lost its best chance to score when, after it had carried the ball 70 yards downfield on straight power plays for a firstdown on the Western 9, it abandoned its style of play when only 18 seconds of playing time remained, but two passes were successful. Western intercepted a third down pass and held the ball as the game ended.

Porkins for Murray punted the ball twice more than 60 yards each, and played a sparkling game. Manolio was good in the line. Gadd and Price were excellent for Western. The first-downs stood at 14-2 for Murray.
